

# WE SERVE KARICARE

**We take over a coffee shop and serve a new type of milk – Karicare – that's even better for you.**

Not only is our Babyccino now made with the formula full of prebiotics and minerals, we're also serving it in your Flat Whites and Lattes.

So while you are catching up with your friend over a Karicare Affogato, your baby will be happily refilling on Vitamins and NZ milk goodness from a Karicare Baby Piña colada.

P.S. malnourished uni students operating on coffee and frozen pizzas, this one's for you.
